

Edwin McAuley Electronics Ltd ("EME") is a privately owned electronic manufacturing group with 850 staff in USA, Hong Kong and Dongguan, PRC. We have been operating successfully in Southern China since 1979 and maintaining complete teams of electronic, mechanical engineers as well as other supporting services. In Dongguan, we operate a self-owned manufacturing plant with comprehensive plastics and electronics production facilities.

EME focus on developing innovative products exclusively for its branded partners in Europe and USA. We employ the latest user interface and RF technologies to develop industry leading home automation and comfort products. Key products include irrigation and temperature control devices. Our products are of high value and are designed for easy installation; as such both design and manufacturing quality are of primary importance to our groups continued success.

EME is committed to the development of our staff and provides long-term career progression for talented employees.
